Dear Mr. Weisberg —

Len Downie passed your letter along to me. I had already spoken to James Lesar about writing a piece along similar lines. As I told Mr. Lesar, at this point in the debate, what I am most interested in is any evidence of who might have done this other than Ray. To date, I have seen little or no such evidence. We'll see what Mr. Lesar comes up with.

Sincerely,

Eric Kelly
